November Speaker and Holiday Party

Our November event was held at Six Mile Bridge. It featured a technical presentation by Joe Lazzarra discussing colloidal haze in both traditional forms as well as some variants being seen in all malt, high hopped beers. Discussion also included some troubleshooting techniques he has employed with great success. We would like to extend our thanks to Six Mile Bridge for hosting the event and wrapping up the 2015 year.

Our Holiday party at Standard Brewing Company in December was a success. Over 85 people attended and were able to try multiple different beers from the many breweries who graciously donated their products. The vendor sponsors for the holiday party were Emerson, French Gerleman, Mead O'Brien, IFM Efector, STATCO, DSI process systems, Equipment Pro Incorporated, Premium Mechanical and Automation, Inc., and King Filtration Technologies, Inc. Beer sponsors for the event were AB Inbev, Morgan Street Brewery, Kirkwood Station Brewing Company, Excel Brewing Company, Urban Chestnut Brewing Company, Griesedieck Brothers Brewery, Schlafly, 4 Hands Brewing Co., Main Street Brewing Company, Kraftig, Sun King Brewery, 2nd Shift Brewing, Six Mile Bridge, and Standard Brewing Company.

Membership
